THE GATE KEEPERS Volume I No. 9 by Jeffeny Hayes

JEFFENY HAYES, the “Hat Lady!” or the Tie and Vest gal at the Front Gate. I used to work Saturday day shift and now I work night shifts. Born in Iowa but raised and lived primarily in Montana. At the age of 28 years I moved from the mountains to the desert of Arizona. Six years later I ventured to California where I was in the forefront of a new Recycling Industry, eventually creating my own company. We recycled events and over the course of time we had recycled in 4 States. My favorites were a trade show at the Jacob Javits Convention Center in San Francisco CA and the Microsoft Christmas Party in Seattle, WA. Six years later I took a job with the city of Mesa in a newly formed Department of Recycling and moved back to Arizona. When looking back it seems that I kept moving south and finally to Costa Rica, Central America. During my six years there I opened and operated a Real Estate Office and worked at an incredibly beautiful Resort providing internet marketing, creating and organizing events, including a Jazz Festival. At the resort while I lived there we created and developed a nonprofit Horticultural Program called “Children Feeding Children.”

When planning on a move back to the States I only knew I wanted a Costa Rica here in the States. I landed in Florida and met Walter Hayes, my reason for moving to Edgewater Landing. In addition to working 3 night shifts at the Front Gate, I am very involved with a nonprofit program called R.A.K., “Random Acts of Kindness.” Over a year ago I and several of my EL friends were planning a program to provide cards that had a positive message of love and friendship to residents in assisted living facilities. We named it RAK. Enter Brian Meyer. Twenty-one years ago Brian Meyer started collecting foods from 5 local Publix Stores and Bimbo Bakeries and delivers to those in need 7 days each week. One of my friends was involved in distributing breads and other commodities to those in need and was one of many who look to Brian for a weekly distribution. So our little group of RAK took on this worthy program also. Every week we pickup our quota and then bring back to our home base for inspection and sorting. Because there are so many households here of single occupants, we may repackage such items as cookies so that more than just one person may enjoy. My life here at EL is rich with wonderful people and many “GOD Wink” moments!

Griffith Family

Our family would like to express our gratitude to the Edgewater Landing Community for all the love and support shown in the passing of my father and mother, Lindley and Penny Griffith. A special thanks to: Sybil McCartney for the wonderful tribute to both my parents at the cemetery; the American Legion Honor Guard/Gun Salute; the Celebration of Life at the clubhouse.

Thank you to all who helped, Dianne Campbell for all the flowers, MC Ginger Clark, Bartenders Bob Gudis and my Uncle Harv, the flood of cards and beautiful floral sprays. Thank you to all for coming and enjoying it like mom and dad would have wanted. I know they are together and flying high watching over every one of us. Look up at the fluffy clouds and remember them.
Thank You,
Kim Griffith and Family.

Randy Stevens

To all the thoughtful people in Edgewater Landing, thank you.

Your cards and phone calls meant so much. Randy's passing was indeed a shock, and he is missed!

Again, thank you, Edgewater Landing is a great place to live.

Carol Stevens

Blood Drive Results from July 10th Michael Pogar, Marguerite Weisent, David Bismack, Nicholas Bratton,

Nancy, Mark Anglehart, David Stuart. Lawrence Kraker, Lorraine Spicer, Eleanor Bratton, James Wigton, Janet Goodrich, Nancy Dingee, Edward Meyer, Genevieve Turba, Cecil Hurst, Janet Malloy, Fred Smart, Bob Gudis

These people were our saviors last month while others were sent away ineligible because of low iron or something else, they went away disappointed. Not as disappointed as we, who cannot give. But happy for the others that can. Not only do these people come away with a tee shirt and maybe a gift card but also with satisfaction that they saved a life. You never know how precious that is until you need blood.

Sept. 4th, 2021 Blood Drive heroes

George Baker, Lorraine Spicer, Nancy Finkley, Marguerite Weisent, Francis Weisent, David Bismack, Theresa Kennedy, Nancy Dingee, Debra Howard, Kathleen Vance, Kenneth Koch, Fred Smart, Marsha Willich, Bob Gudis

Our next Drive is **Nov. 6th**. We hope for even more donors as our snowbirds return with their blood ready to give. No matter how many, we are always thankful for what we get.

Thank you all,
Linda Walsh

Stitchers Anonymous

Well, we sure hope you had a great summer. The quilt and needlecrafters have been busy with their charity work. The club had accumulated quite a bit of fabric from donations over the years, so Rebecca, our new President, decided that we could make quilts from scraps for foster kids. That is what we did. It was fun just knowing we were helping some kids out who can now say they have something of their own.

We are looking forward to new projects and ideas. We always invite newcomers to come, participate or just watch and listen. We always value new ideas that new people bring. Nothing is nicer than finding a better, easier, quicker, cheaper way of doing things. We sure do wish some new people would join us.

We meet every Friday from 10:00 until noon.

Linda Walsh

Summary of EL Board of Directors Meeting on Sept. 2, 2021 by Paul Wright

President Wright called the meeting to order at 9:00 a.m.

The Krienkes were the only new members in attendance.

All officers were in attendance, Vice President Doug Maxellon attended by phone.

The minutes of the June 3, 2021 Board meeting were unanimously approved.

Pres Wright asked for nominations for election to the Board for 2022 and, hearing none, closed the nominations.

The USPS is no longer replacing our mailboxes. Replacement mailboxes are expensive. Please submit a Maintenance Request to replace mailboxes when and as necessary.

Any changes to Association property must be approved by the Board before being made per Article III, section A., paragraph 2. a. of the Declaration of Covenants.

The Board ratified expenditure of \$1,400 for repair of the aerator in Lake 1.

Ginger Clark reported on comments from Meet-a-Board Member including; several maintenance issues, a report of lights being left on in the clubhouse and a reminder that the last person out should turn off lights, a suggestion that the Office Assistant (Sandi Cast) should be in the office 5 days a week, a question of the facilities access rights for live-in caregivers, a complaint about personal decorations at the main entrance, a question of who pays the dues for a foreclosed home and concern about people who are no longer residents using the facilities.

Ed Hunter reported that most of the open violations are from mold, dirt and rust on houses. He also reminded all that letters are only to make owners aware of a problem and to give Sandi a call when the problem is resolved.

Bill Lee reported for Facilities. A drain has been installed and grading and sod addition have been done at the Gazebo area, it looks much better. The fountain in Lake 1 was struck by lightning and had to be replaced. Replacement is being considered for the pool heaters and the back gate operator.

Ron Hebard reported that there is now a waiting list for RV storage spots.

Jack Hichak reported problems with people using our facilities who shouldn't be, sleeping in our woods and living in someone's shed.

Winn Cummings encouraged support for upcoming events on 9/24 and Halloween. Bob McCartney stated that planning is underway for Senior Olympics March 24 – 28, 2022.

Julius Rathbone requested replacement of six (6) wooden tables for the Main Room.

Nancy Finkley announced the three (3) candidates for the Board for 2022; Faith Kidwell, Paul Wright and Ginger Clark. Meet the Candidates will be held Tuesday, September 14th at 7:00 p.m.

Claire Tybor announced that there will be shots for flu and shingles offered before the start of the October 7 Board meeting. A Halifax Hospice representative will be updating information on the hospice system on October 13th and the Education Committee will be doing their yearly update on Medicare and the changes for 2022 in November.

President Wright made a motion to replace the ice maker rather than make costly repairs to the aging machine. Dianna Young requested \$400 for pool plants and poinsettias. Both motions were unanimously approved.

Member Participation included discussion about the Board response to Meet-a-Board-Member comments and TJWs' role in managing and maintaining Edgewater Landing.

The full minutes of the meeting are available on the bulletin board and the website.

The Board Responds to Meeting Comments

It is important to remember that we, the residents, own Edgewater Landing. We have established and maintain the rights, responsibilities and restrictions for appearance of the community, use of the facilities and maintenance of the facilities and property.

Identifying and reporting maintenance issues and violations is the responsibility of every owner/resident in Edgewater Landing. The correct way to report issues is by use of Maintenance Requests and Violation Reports. Forms can be found on the website and in the Library. Telling a Board member, Committee Chairperson or any other person is not an adequate alternative to the report forms because we probably won't have all the information needed to answer questions. Please be assured that reported issues with safety concerns will be addressed promptly. (Mulching around the clubhouse had already been scheduled before the meeting.)

Neighborhood Watch reported several occurrences of contractor or vendor 'families' using our pool area, some with wrist bands. Our facilities are for the use of residents and our guests only. The only exception the Board has allowed is for live-in caregivers, and they must wear wristbands.

A resident asked why the Board didn't agree on the response to and action taken due to Meet-a-Board-Member input either before or during the Board meeting. Much of the input is about maintenance needs or potential violations and the response is to submit a Maintenance Request or Violation Report. Sometimes no response is needed. When appropriate, items are addressed at the Board meeting. This requestor also suggested that Meet-a-Board-Member be moved further ahead of the Board meeting to allow additional time for the Board to agree on the response. This will be addressed at the October meeting.

Several residents asked about the pay, hours, responsibilities and control of TJW personnel.

TJW pay is private.

The Office Assistant's hours were changed to allow TJW to place a full time employee in the position. Whether that should and can be changed will be looked into.

Our contract with TJW does not require them to independently identify every maintenance need or potential violation and take necessary action. The contract does require, in addition to accounting and record keeping, that they hire and manage personnel desired and requested by the Association to support us maintaining Edgewater Landing.

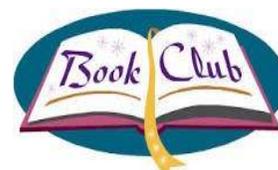

The TJW maintenance personnel (Steve and Gary) have a schedule of routine and preventive maintenance to do. They also work closely with Facilities and the Board to take or direct actions based on Maintenance Requests, input from Facilities or the Board and frequently on their own observations.

Book Club News

The next meeting will be held **October 28th** at 9:30 in the clubhouse Game Room.

Our book selection is "The Four Winds" by Kristin Hannah. Set in 1934, Texas is at the peak of the Great Depression and Dust Bowl era. Families have to make the difficult decision to stay or seek a better life in California. With similarities to immigrants today it is a trying time.

JEANETTE SAUNDERS-BARTLE, 808 STARBOARD, LOT 304, PREVIOUS OWNER: ANN LATTIMORE

Jeanette is from Brunswick, Georgia. Jeanette and her husband owned a very large home on 3 acres and when he suddenly passed away in March, she knew she would not be able to care for the property alone. She sold the home and made several trips down here to find a new home. She wasn't pleased with what she was finding at all. She returned home and Edgewater Landing popped up on her PC. She came back and now loves the safety, the quiet, and the beauty. She has met her neighbors, but really hasn't gotten into many activities. She loves to kayak and to bike and looks forward to finding some friends to do that with. Her two sons, one from San Diego CA and the other from Orlando have each spent time helping her get settled. She has two grandkids. Jeanette has spent time doing permanent makeup, but art is her love.

Hey everyone!! Thank you so much for your efforts in getting me the info about you as well as the pictures. You are each a great addition to our _____. You notice I did not use the word "Paradise." Some think I have worn out that word—so here's the deal, text or email what your word (s) (no more than two words) would be to describe the community of Edgewater Landing. Come on—long-time/short-time residents—give me a hand. I will list all your adjectives in upcoming articles. Text: 719-210-4000 / e-mail: gingerclark12@gmail.com. TY, Ginger

GIFTS OF LOVE

Edgewater Landing is resuming its support of Gifts of Love, a food pantry helping our LOCAL families in their time of need. It also supports school backpack programs where children receive food items to take home on Friday afternoons to help them over the weekend. It is also very active at Christmas time with toys, etc for our local kids.

Non perishable food items, as well as personal hygiene products may be dropped off at Diana Young's at 513 Starboard. Please put items in the special box IN THE SHED. Monetary donations are always welcome as Gifts of Love does purchase items when necessary. And please save those plastic grocery bags and donate them. Gifts of Love is always in need of them.

Thank you in advance for your generosity!

Call me if you have any questions. Diana Young 386-690-0308
